Jones
 Ambassador/ today had 45 minute conversation with President Kennedy on
 full range of Indonesian situation. In view great interest displayed by
 President as evidenced unusually long and full discussion, despite rush
 immediately preceding his departure on speaking tour and at time when Congress
 pushing for adjournment, Department recommends Embassy endeavor give meeting
 good publicity coverage with press and local officials. Indonesians should
 appreciate President's demonstrated interest in Indonesia.

In call on Harriman October 10 Seki raised question of Japan's trade with Communist China and USSR. He noted that GOJ has received strong approaches from Embassy Tokyo on this question. He asked why USG is "so nervous". Seki said that although for political reasons Japanese Government leaders may not take too strong public stand on trade with Communist Bloc, both Government and business leaders know where Japan's interests lie.

Harriman said US not "nervous". He explained trade with Communist Bloc is frequent subject of discussion with number of allies in addition to Japan. At present time, Harriman said USG believes it is particularly important that non-Communist countries not give Chinese Communists credits. We believe economic failures on China mainland have resulted in great pressure on Chinese Communist leaders from Chinese people. We hope these pressures will lead to changes.

Harriman expressed satisfaction over assurances Ikeda recently gave Reischauer on question of trade with Communist
